

Typical External Installation Survey
Sheet

- Type of building? (bungalow/2 storey etc)?.....
- Built pre or post 2008?.....
 - Roof pitch ° (A)?.....
 - Wall Thickness (D)?.....
 - Type of wall including material?.....
 - Soffit measurement (H)?.....
 - Height of room housing Appliance (C)?.....
 - Height from ground level to soffit (E)?.....
 - Height from loft floor to ridge (B)?.....

- Appliance
- Make/Model?.....
 - Height (G)?.....
 - Top or Rear outlet?.....
 - Outlet Diameter?.....
 - Minimum distance from outlet centre to wall (F)?.....

- Internal Connection Pipe
- Connection to appliance
 - Vitreous enamel or Therminox?.....
 - If Therminox - Stainless steel or what colour?.....
 - Use EDP pipe connector?.....
 - Colour (white/black)?.....
 - Use P Adaptor?.....
 - Wall plate?.....
 - Round or Square edge?.....
 - Stainless steel, Galvanised or black?.....
 - Wall sleeve?.....
 - Air Vent required?.....
 - Draft stabiliser required?.....

- External Chimney
- Stainless steel or specify colour?.....
 - 135° Tee or Bend?.....
 - If Tee - Specify base plug / with drain?.....
 - Preferred offset angle?.....

- Terminal Type
- Open weathertop?.....
 - Cone Top?.....
 - Rain Cap?.....
 - Aspirator?.....
